PASSENGER STATION-CLAYGATE (S.R.)

25th March, 1948.

Sir,

Although this Corporation is aware that the Palestine Government has given no undertaking that claims for losses due to terrorist outrages will be met, it was announced in the Palestine Official Gazette, and reported in the "Palestine Post" of the 22nd May, 1947, that claims for loss or damage to property could be submitted to District Commissioners on forms specially provided for the purpose. These claims had to be submitted within fourteen days from the attack giving rise to the claim.

On the 16th August, 1947, a bomb exploded in the NAAFI Canteen at the RAF Station at Tel Litwinsky. The first notification of details of the outrage by the DAQMG of the 1st Inf.Div. advised that no damage had occurred to NAAFI property, and it was not until the following day that, on a visit to the Canteen, it was discovered that NAAFI had sustained a loss of IP.172.200.

As soon as possible the details of losses were rendered to the District Commissioner, Lydda, on the correct form, but our representative in the Levant has since been notified that as the claim was not submitted until the 2nd September (seventeen days after the incident instead of within fourteen days) it is null and void.

It is suggested that the decision given is somewhat arbitrary, as, owing to the exigencies of the Corporation's business, it is not always practicable to render full details within the time limit allowed.

In connection with this I am to refer to a similar state of affairs in this country during the war, when the Board of Trade recognised that it was not possible for the Corporation to submit details of its claims under War Damage Legislation (Commodities Scheme) within the prescribed seven days and it was agreed that they should be accepted after the time limit had elapsed.

The High Commissioner
and Commander-in-Chief,
Palestine and Transjordan,
Government House,
Jerusalem.

Having regard to the extremely difficult circumstances in which this Corporation is maintaining a service to H.M. Troops and many ancillary bodies, I am to ask that consideration may be given to the adoption of a similar procedure in Palestine, and, in the specific case referred to in paragraph 3 above, a directive may be issued that the claim should not be rejected merely because of its late submission.

I have the honour to be, Sir,
Your obedient Servant,

F.H. Crozier.

Secretary.

Having regard to the extremely difficult circumstances in which
this Corporation is maintaining a service to the public, and many matters
arise, I am to say that consideration may be given to the adoption of a
simplified procedure in the future, and, in the specific case referred to in
Paragraph 1 above, a decision may be taken that the claim should not be
rejected solely because of the late submission.

I have the honour to be, Sir,
Your obedient servant,

W. H. Jones

Secretary.

DAMAGE TO NAAFI PROPERTY

On the 16th August 1947, a bomb exploded in the Games Room of the NAAFI Canteen, RAF Station Tel Iditwinsky and caused considerable damage to Air Ministry property and to articles of furniture, the property of NAAFI. Our total losses are LPI72.200, and the schedule of damage caused is attached to this letter. — (23^b)

In the past, all claims made by this Corporation for losses sustained as a result of Terrorist Activity have been lodged with the Chief Secretary, Government of Palestine in letter form, as it is felt that your special proforma CCP/1 does not apply to us, since we are not claiming for an ex-gratia compensation for our losses, but wish to register a claim for compensation which will re-emburse us fully.

Will you please advise me if this letter is acceptable to you in its present form to be the base of a claim in respect of the loss sustained by us. All relative data, and official notification has already been given to the local police, C.R.M.P. and S.I.B.

STATEMENT OF DRIVER F.S.ABU ALI.

Ref. - VEHICLE ATTACKED IN TEL-AVIV.

On Thursday 14th. August 1947, at 15.15 hrs, I was driving 15 cwt
MFT 1461, EF0001543, on duty, from Sarafand to Tel-Aviv, conveying 1212 personnel.
On my way and near Yazor village, a crowd of Jews were standing on the main road,
and would not let me pass, so I turned round and proceeded via the Hatikva - Yazor
road.

When I approached Hatikva, another crowd of Jews attacked the vehicle with stones
and knives, two jumped on to each wing, and attempted to stab me. I succeeded in
throwing them off and drove to Sallameh village. On my way stones were thrown at
the truck. I stopped at Sallameh for first aid, then returned to Sarafand.

Considerable damage was caused to the radiator and one head-lamp, the
bumper bar was bent, and both windscreens were smashed.

Sgd F.S.Abu Ali.

STATEMENT BY PASSENGERS.

Reference Vehicle attacked in Tel-Aviv.

On Thursday 14th August 1947, at approx. 1515 hours we were riding as passengers on 15 cwt. MET 1461.EF0001543, after duty from Sarafand Messing Store R/N 1212, to Tel-Aviv. We passed Yazour village, an entirely Arab settlement, unmolested, and arrived at the Agricultural School 'Mikveh Israel', when two drivers of the 'Egged Bus Coy' standing on the road, stopped us and warned us not to proceed as usual through Abu Khebir to Tel-Aviv, as the anti-Jewish rioting there had not yet quietened down, and the route was unsafe. So we continued through the fields to Hatikvah Suburb. Before we arrived there we had to dismount, because the vehicle was unable to proceed behind the railway line, with all the passengers aboard. Before we all could get back into the truck, rioters threw stones at us, so the driver made a quick get away, causing one of the passengers to hurt himself through falling off. The truck proceeded to the Arab village of Salameh, where a riotous crowd threatened us again, so we proceeded on foot as best as we could to Tel-Aviv. What damage was caused to the vehicle we cannot say, as we were sitting in the rear, and when the rioting started we fled to save our lives, naturally without inspecting the truck.
